Dear Harold,

You made some interesting points about bullet #399; however, I do think it hit Connally's wrist going backwards.

I've just been reading over Jim Marrs *Crossfire*. I am interested in the "Hunt" letter which Marrs obtained from Penn Jones. Someone told me you also received a copy of that same letter from Mexico. If so would you mind sending me a copy? Did you notice anything odd about the letter? Do you have any idea who sent it?

Sincerely,

Johann Rush
